

Regional Stormwater Education Program

Steering Committee Notes

Wednesday, March 8, 2023

Attending: Chip Sawyer, City of St. Albans; Dean Pierce, NRPC; Dea Devlin, NRPC; Kent Henderson, FNLC; Parker Eversoll, FNLC

1. Introductions

Dave was absent owing to the passing of his mother. Meeting was recorded for his and other's later viewing. <https://youtu.be/VI2gPuCNjl4>

2. Adjustments/changes to the agenda

None

3. Review of December notes

No action.

4. Annual Report

Dea gave highlights from report, and provided some commentary on year to year changes. There was discussion of merits of different social media platforms and the like.

5. Update on Activities planned for 2023

Dea, joined by Parker, provided updates on activities planned for 2023, including a rain garden/soil health workshop, stormwater infrastructure tour, stream cleanup(s), and possible storytelling and rain barrel-assembly events. Denice Smith (formerly of FNLC and now with the hospital) was mentioned as a resource for the possible storytelling event.

6. Updates/comments

7. Date for next meeting

Group will aim for the week of July 10. Dean will conduct a Doodle poll.

8. Adjourn

The meeting adjourned at approximately 2:35.
